

2026-2027 Grant Information and Directions

The Clifton Education Foundation, Inc. was formed in 1998 as a nonprofit, tax-exempt community organization, independent of the Clifton Board of Education and the Clifton Education Association. The Foundation's purpose is to further Clifton Public Schools' educational goals through the funding of creative programs and special projects that cannot be supported through the regular annual school budget.

The Clifton Education Foundation is pleased to announce the availability of grants of up to \$500 for the 2026-2027 school year. The total number of grants awarded will be determined by the success of the Foundation's upcoming fundraising efforts.

If there are specific timelines within the application, every effort will be made to notify the applicant of the status of the grant in order to meet those timelines.
